

# Digital Discussion: Original Post Graphic Organizer

**Essential Question: What new understandings or timeless issues does Daniel Keyes' allusion to Genesis 3 add to his short story "Flowers for Algernon"?**

In the space below, collect evidence and ideas that support your answer to the above essential question. Please note page numbers for all quoted evidence from "FfA" (Keyes 119) and book, chapter, verse for Genesis 3 (Genesis 3:16). There is no need to cite your present-day examples unless you happen to use a text, which is not required for this assignment.

- This organizer should be used to prepare for your original post for our online digital discussion assessment.
